

polysub
sublimatable polymer 

Presents
Our New 15 oz. Travel Mug

Sublimation that's both **Brilliant and Colorful!**

1. Formed lid
2. Large handles
3. Sublimatable polymer withstands high temperatures for transfers
4. Brighter white
5. More vibrant and accurate color reproduction
6. Sublimated graphic resists chipping and scratching
7. Graphic holds up to dishwasher and microwave use
8. Light weight
9. Unbreakable; alternative to ceramic, glass and stainless steel
10. Eliminates shipping damage, and reduces shipping costs
11. Shorter sublimation time
12. Made in America

**For use at swimming pools, coffee shops, restaurants, hospitals, cafeterias, boats, marinas ...
... anyplace where breakable ceramic and glass is unacceptable.**
