

# Quick Start Installation of SubliJet IQ® for the EPSON® Stylus Pro 4880

**IMPORTANT:** Do not install the Epson Inks provided with the printer. Please call Sawgrass Technical Support if you need assistance installing the SubliJet IQ inks.

## INSTALLING SUBLIJET IQ CARTRIDGES:

If you are replacing existing cartridges because they are empty or low, please see the following instructions. If not, go directly to step #1.

When a cartridge is empty or low, INK LOW or REPLACE INK CART will display on the LCD panel. Raise, then lower the ink levers on either side of the printer. The ink indicator on the LCD panel will flash, indicating which cartridge is low or empty. Be sure you have the correct color cartridge for replacement.

**NOTE:** The LCD Panel will indicate the ink colors of the original OEM ink configuration and not the SubliJet XG8 ink configuration.

**1.** Ensure the printer power is on. Press the ink compartment cover to release the latch and open the cover.

**2.** Raise both ink levers. These are located on the right side of each ink cartridge compartment.

**3.** Install the ink cartridges into the color-coded slots in the following order starting from left to right:

**Jet Black, Cyan, Magenta, Yellow, Blue, Light Cyan, Light Magenta and Red**

**Note:** The cartridge label should be facing left as the cartridge is inserted into its slot.

**4.** After all eight cartridges are installed, lower the ink levers. The printer will begin charging the ink-delivery system and the pause light will flash.

**5.** After approximately 1 minute, ink lever messages will appear on the LCD panel. The LCD will indicate that the printer recognized "NON-GENUINE" ink cartridges.

**6.** Press the down key (V) until a message appears that asks the user whether the ink cartridges are “NON-GENUINE”.

**7.** Press the left key (<) to acknowledge that the cartridges are “NON-GENUINE”.

**8.** Press the left key (<) until the following message appears:

**9.** Press the down key (V) until the following message appears:

**10.** Press the left key (<) to accept acknowledgement of the warranty message.

**11.** The following messages will appear:

**12.** Press the PAUSE key once.

**13.** The following message will appear. The printer is now ready for use.
