## The ACCUFAST KT<sub>2</sub>

The ACCUFAST KT<sub>2</sub> is the professional mailer's choice in a table top tabber. Speed, flexibility, reliability and simplicity are all featured in the KT<sub>2</sub>. It applies either one or two tabs per piece by using one or both of its self centering tabbing heads. The KT<sub>2</sub> can be set up to run different types of tabs in different heads if necessary. Not only do you get performance, you get support from a local dealer or the KT<sub>2</sub>'s factory in New York.

Mailers rely on their KT<sub>2</sub>s daily and count on us every once in a while. It doesn't work any other way.
